FOR IMMEDIATE RELEASE

January 25, 2011

Temex-Ceramics and Modelithics Partner provide Free S-Parameter Data for HiQ Power Capacitors

Pessac France and Tampa, Florida (January xx, 2011) Temex-Ceramics and Modelithics have partnered to provide S-Parameter data on Temex-Ceramics' CLX (2225) and CLE (4040) HiQ Power Capacitors. Measured broad-band, 0.04 to 2GHz data was acquired using series and shunt mount fixtures, and is now available for free download from Modelithics website at

<http://www.modelithics.com/mvp/Temex%20Ceramics> .

Modelithics President & CEO Larry Dunleavy, commented that "we are very happy to provide this new Temex data download area to our website and welcome Temex-Ceramics as a new Modelithics Vendor Partner." Temex-Ceramics HiQ Capacitor Product & Marketing Manager Frederic Petit, commented that "The HiQ Power Capacitors product offerings help our customers meet the increasing demands on RF Power Amplifier markets to develop solutions that continually enhance output power, performance and decrease cost while utilizing state-of-the-art technologies."

About Modelithics, Inc.

Modelithics, Inc. (www.Modelithics.com) was formed in 2001 to address the industry-wide need for high-accuracy RF and microwave active and passive simulation models for use in Electronic Design Automation (EDA). Current products include the *CLR Library™*, which contains measurement-based *Global Models* for a multitude of commercially-available passive component families, the *NLD Library™* (non-linear diode models) the *NLT Library™* (non-linear transistor models), and the *SLC Library™* (*system level component models*). Modelithics' services also address a wide range of custom RF and microwave measurement and modeling needs.

Modelithics® is a registered trademark of Modelithics, Inc. CLR Library™, NLD Library™, NLT Library™, and the SLC Library™ are also trademarks of Modelithics, Inc.

About Temex-Ceramics

Over the past 35 years Temex-Ceramics has strengthened its position as a worldwide market leader in the development, manufacturing and sales of a wide range of RF and Microwave passive components designed for applications for which performance, reliability and cost are essential requirements. That is why professionals in the Radio Communication, Medical, Industrial, Military and Space industries choose our HiQ Power multilayer ceramic capacitors. Visit www.temex-ceramics.com and learn how our expertise can help your organization!
