Modelithics, Inc. Appoints Angie Rogers to Sales Manager

Tampa, Florida (February 8, 2016) – Modelithics, Inc., industry leader in providing simulation models for RF, microwave and mm-wave devices, has announced the appointment of Angie Rogers to Sales Manager. Ms. Rogers will be responsible for leading Modelithics' sales and customer relations as well as providing executive assistance to the President and CEO of Modelithics in the area of customer relations.

Rogers has extensive knowledge in sales management, customer relations and business growth, with twenty years experience in various sales and management positions. Ms. Rogers' previous roles as Senior Branch Sales Manager and CRM Instructor have already been a valuable asset in Modelithics' continued growth and customer information tracking.

Larry Dunleavy, President and CEO of Modelithics, stated, "*With Ms. Rogers' initial year within Modelithics, she has already assisted in improving processes, contributed to a positive sales growth for the [Modelithics Products](#) for 2015 as well as significantly enhanced the [Modelithics Vendor Partner \(MVP\) Program](#).*"

World's Best RF & Microwave Simulation Models

About Modelithics, Inc.

Modelithics, Inc. (www.Modelithics.com) was formed in 2001 to address the industry-wide need for high-accuracy RF and microwave active and passive simulation models for use in Electronic Design Automation (EDA). Modelithics' premium product is the *Modelithics*® *COMPLETE Library*, which includes the *CLR Library*™, containing measurement-based *Microwave Global Models*™ for a multitude of commercially-available passive component families, the *NLD Library*™ (non-linear diode models) the *NLT Library*™ (non-linear transistor models), and the *SLC Library*™ (*system level component models*). Modelithics' services also address a wide range of custom RF and microwave measurement and modeling needs. Modelithics® is a registered trademark of Modelithics, Inc. Microwave Global Models™, CLR Library™, NLD Library™, NLT Library™, and the SLC Library™ are also trademarks of Modelithics, Inc. The Modelithics Vendor Partner (MVP) Program allows for collaboration and open communication during the development of advanced data sets and models for commercially available microwave components and devices, with flexible sponsorship and distribution arrangements for the resulting data and models.
