 **Modelithics®**  
World's Best RF & Microwave Simulation Models

# E-News

March 2020

## See How Modelithics Is Making Waves Lately!

[What's New](#) [Upcoming Events](#) [Announcements](#) [Literature & Presentations](#)

### What's New

**Modelithics® Releases the COMPLETE Library™ v19.7 for Keysight Technologies' PathWave RF Synthesis (Genesys) 2020**

[Press Release](#) [Release Notes](#) [Library Brochure](#)

**Modelithics Releases the Qorvo GaN Library v20.4.3 Includes new model for QPD1017 GaN on SiC HEMT package**

A non-linear model for the Qorvo QPD1017 internally-matched, 3.1 – 3.5 GHz, discrete 450 W (P3dB) GaN on SiC HEMT using Qorvo's QGaN25HV process.

### Upcoming Events

**GOMACTech 2020**

March 16-19 2020

San Diego, CA

[Click here for more information](#)

**IMS 2020**

June 21-26, 2020

Los Angeles, CA

**[Booth #1017](#)**

## Announcements

### Modelithics Welcomes Vishay as a Sponsoring MVP Free 90-day trials available for all Vishay component models!

The Modelithics® Vishay MVP Library offers a collection of Microwave Global Models™ for multiple Vishay capacitors and resistors that provide many advantages over ideal and S-parameter file-based models.

[Request a Free Trial!](#)   [Library Brochure](#)

### Modelithics Welcomes Chris DeMartino as Sales and Applications Engineer

#### Press Release

He joins the Modelithics team from Informa PLC (formerly Penton Media), where he served as the editor of Microwaves & RF magazine.

DeMartino holds a M.S. degree in Electrical Engineering and has worked for several companies in the RF/microwave industry, including Mercury Systems and MITEQ.

## Literature & Presentations
