

Visit Modelithics at  
Booth #950

Modelithics invites you to join these special IMS 2015 activities:

- + Learn about Modelithics models at our booth and attend one of our model library demonstrations.
- + Stop by our MicroApps Presentations
- + Check out the special talks and demonstrations by the Modelithics team around IMS
- + Don't miss RF BOOT CAMP!—[Click to register](#)

### TUESDAY, MAY 19th

12:45-1:00pm	PA Circuit Level Validation of a New Non-Linear GaN Model Library	MicroApps Booth #3147
1:05-1:20pm	Modelithics COMPLETE Library v12 Release for Keysight ADS	Modelithics \$ Booth #950
1:30-3:00pm	Young Professional Entrepreneurial Discussion Forum: Having an Impact	Dr. Larry Dunleavy Room 129AB

### WEDNESDAY, MAY 20th

10:25-10:40am	Modelithics® Qorvo GaN Library for PA Success	Modelithics \$ Booth #950
2:05-2:20pm	Modelithics in Accurate ADS / Momentum Co-Simulations	Modelithics \$ Booth #950
4:00-4:15pm	Modelithics CLR Library for HFSS	ANSYS Booth #2036

### THURSDAY, MAY 21st

8:20-8:40am	History and State-of-The-Art in Large Signal Modeling for RF/Microwave PA	Dr. Larry Dunleavy Room 126ABC
9:05-9:20am	Flexible and Scalable Models for Microwave System Design Success	MicroApps Booth #3147
9:40-9:55am	Modelithics for Keysight Genesys	Modelithics \$ Booth #950
10:00-11:00am	3D HFSS Component Models - ANSYS and Modelithics	Room 102BC
11:40-11:55am	Advanced System Level Component Models and Applications	Modelithics \$ Booth #950

\$ - Win \$100

### [There is still time to register for RF BOOT CAMP!](#)

WEDNESDAY MAY 20, 8:00am to 3:30pm – The RF Boot Camp features multiple presenters from industry and academia presenting on a variety of topics critical to successful RF engineering, including:

- Network Analysis
- Modular Instruments
- Signal Generation and Analysis
- RF Simulation Fundamentals
- Impedance Matching Fundamentals
- Introduction to Simulation-Based GaN PA Design
- Understanding Basic RF Analog Receiver Design and Analysis.

World's Best RF & Microwave Simulation Models
