Modelithics[®] Signs Aktif Nesor Elektronik Ltd. as New Sales Representative for Turkey

Tampa, Florida and Istanbul, Turkey (February 2, 2017) – Modelithics, Inc. announces a new representation partnership with Aktif Nesor Elektronik, Ltd. in Istanbul, Turkey for regional sales of Modelithics' simulation model library and high frequency precision measurement and consultation services. Larry Dunleavy, President and CEO of Modelithics, and Neslihan Yasav, Managing Director of Aktif Nesor Elektronik, have signed a representation and reseller agreement for new business in Turkey.

"We are pleased to welcome Aktif Nesor Elektronik as our representative in Turkey," stated Dunleavy, "Many high tech companies in Turkey are engaged in RF, microwave and millimeter-wave design and will benefit from the regional contact for Modelithics." Neslihan Yasav added, "Modelithics libraries will be a perfect fit to our current portfolio for RF and Microwave related products. We believe that our market will appreciate and benefit from these libraries."

Aktif Nesor Elektronik will offer sales and coordination of support for Modelithics' exceptional RF and microwave simulation model libraries and measurement services in the representation area. Modelithics' advanced scalable Microwave Global Models™, currently available for over 15,000 commercial electronic components, are unmatched in the industry for the most accurate high frequency electronic design, with scalable model parameters for correct parasitic simulation. The model library integrates seamlessly with the most popular EDA software tools.

About Modelithics, Inc.

Modelithics, Inc. (www.Modelithics.com) was formed in 2001 to address the industry-wide need for high-accuracy RF and microwave active and passive simulation models for use in Electronic Design Automation (EDA). Modelithics' premium product is the *Modelithics® COMPLETE Library*, which includes the *CLR Library™*, containing measurement-based *Microwave Global Models™* for a multitude of commercially-available passive component families, the *NLD Library™* (non-linear diode models) the *NLT Library™* (non-linear transistor models), and the *SLC Library™* (system level component models). Modelithics' services also address a wide range of custom RF and microwave measurement and modeling needs. Modelithics® is a registered trademark of Modelithics, Inc. Microwave Global Models™, CLR Library™, NLD Library™, NLT Library™, and the SLC Library™ are also trademarks of Modelithics, Inc. The Modelithics Vendor Partner Program allows for collaboration and open communication during the development of advanced data sets and models for commercially available microwave components and devices, with flexible sponsorship and distribution arrangements for the resulting data and models. An example of such an arrangement is the Modelithics Qorvo GaN Library, a fully sponsored library distributed for free by Modelithics under sponsorship of Qorvo®.

About Aktif Nesor Elektronik, Ltd.

Aktif Nesor Elektronik Ltd. Sti. is a specialized supplier for electronics components, test equipment and systems. Founded in 1999 and based in Istanbul the company serves the electronic industry in Turkey. With our extensive experience since 1999, we have been keeping our philosophy on customer satisfaction, solution oriented service according to technical developments and innovations. Aktif Nesor is known for supplying quality products and also enjoys a wide reputation as a service oriented, quick reaction supplier with a proactive approach. Aktif Nesor's guidelines for its future development are based on a consistent response to market requirements, reliable support to customers and customer satisfaction. In addition, keeping close relationships with customers and continuously expanding the company's product range is the basis of Aktif Nesor Elektronik's vision. As an important ring of the supply chain of leading companies in Turkiye, Aktif Nesor Elektronik Ltd. Sti. will continue serving in the best way with the power earned from our respected customers and business partners.
