The **Modelithics® Qorvo GaN Library v20.4.4** is now available. Version 20.4.4 of the GaN Library includes compatibility with Keysight PathWave ADS 2021. This version of the Qorvo GaN Library includes a total of 80 models containing 57 packaged power models and 23 die models.

The Qorvo GaN Library is a set of non-linear models for Qorvo package and die GaN devices, designed for excellent accuracy, and validated with broadband S-parameters and load pull data at multiple frequencies. Each model has a detailed datasheet summarizing model features, development details, and model performance plots. Some devices are also represented with small-signal and noise models in addition to non-linear models.

The **Modelithics Qorvo GaN library v20.4.4** is now available for download from the Modelithics website. The updated library installer can be found in the "**My Downloads**" section after logging on to the [Modelithics website](#).
