Update 4 of the Modelithics® COMPLETE Library v19.5 for Keysight ADS is now available. Update 4 includes compatibility with **ADS2020 Update 1**.

In addition, new SPAR models are available for Mini-Circuits transformers NCS1-63+, NCS2-83+, NCS1-422+, and NCS2-392+, and a new CLR model is available for the Würth Elektronik WE-CAIR 5910 inductor.

The update for the **Modelithics COMPLETE Library v19.5 for Keysight ADS** is available for download from the Modelithics website by request. The updated library installer will be added to the "**My Downloads**" section after logging on to the [Modelithics website](#).
